Please Check Your \$20 Bills, FBI Asks

BY DARYL LEMBKE
Times Staff Writer

SEATTLE — If you've got any \$20 bills left from Christmas shopping, the FBI wishes you'd take a look at them.

There's an off chance they might provide a clue as to the whereabouts of "D.B. Cooper," the fellow who literally jumped at the opportunity to get away with \$200,000.

That was the name a man gave when he pur-

chased a ticket in Portland on a Seattle-bound Northwest-Orient airliner last Nov. 24.

He then hijacked the airliner en route to Seattle by showing a stewardess wires which he said were connected to a bomb in his briefcase. He forced the airline to give him \$200,000 in \$20 bills and four parachutes when the plane landed in Seattle.

He then made the crew take off again and he apparently parachuted out of the 727 jet between Seattle and Reno, taking with him the loot.

Although he could have died in the jump, most people seem to think that "Cooper" got away with the money.

Some even hope that he did. He has become something of a folk hero. A Seattle firm is even selling "D.B. Cooper" T-shirts, showing a man floating to earth with the greenbacks.

But a robbery is still a robbery to the FBI, which has the serial numbers of the stolen money and has published them in a 34-page booklet circulated among financial institutions in the West.

To have come from the 20-pound package of \$20 bills which the hijacker

took, the bill must carry both the correct number and the date of the design series.

Twenties in the hijack package are dated 1934, 1950, 1963 A and 1969. The date of the series is found at the bottom of the bill and just to the right of the center.

The first letter with the serial number indicates in which of the 12 federal reserve districts the bill is issued. The great majority of the bills taken by the hijacker came from the 12th Federal Reserve District, headquartered in San Francisco and lettered "L" on the stolen bills, but the other 11 districts lettered A through K, are also represented. Numbers on the list are in sequence but skip from smaller to much larger digits.

Random numbers from the list are as follows.

THIS LITTER WELCOME ON ICY STREETS

BURLINGTON, Mass. (U)—Voters here last year banned the use of salt on roads. So last week, after a brief snowfall, the town Highway Department spread a substitute—kitty litter.

"It doesn't melt like salt, but it provides good traction," said a town official about the grainy substance used to line cats' boxes.

"We use it mostly on intersections and sidewalks," the official said. "And we don't use as much of it as salt because it costs \$80 a ton and salt costs only \$18 a ton."

Dear Sir:

Will you please send me
a copy of the booklet described
in the enclosed article.

I did have one \$20 bill
that was extremely close in
sequence to one of these serial
numbers; however, I had to
spend it.

You may rest assured,
though, that should I come
across a \$20 bill with one
of the exact serial numbers,
I will immediately send

Dear Mr. Milnes,

I want to thank you very much for your courtesy and kindness in sending me the 34-page booklet listing the serial numbers from the Northwest Airlines ransom money. I received the list two days ago.

I am enclosing some newspaper articles which you might like to see and which might not have been in your Seattle newspapers. The author of the article on the new T. & S. building is the architectural

editor of the New York Times and also won the first Pulitzer Prize for architecture. Last August, when I had a free trip to Washington, D.C. (thanks to my sister, who is an airline stewardess, based in New York), I took a tour of your F.S.D. building and was really shocked by the laboratory, or rather, the lack of a laboratory.

You won't know how much I appreciate the booklet that you sent me unless you know that I first wrote to Assistant to the Director Gosen asking him for a copy, but he could not be bothered answering my letter.

I then wrote to Mr. Mattson, the Portland D. A. C., from whom I have not yet heard and also to Mr. Grapp, the Los Angeles D. A. C. Thereupon, an agent from the Los Angeles office called on me and very politely explained that because of the size of the booklet it could only be "disseminated to financial institutions".

However, on that same day, one of Mr. Grapp's "financial institutions" had given me a \$20 bill that looked so funny that I sent it to the Secret Service, from whom I have not yet heard. I hope that the S. B. I. is really depending on these financial institutions to help them catch the hijacker.

(4)

I hope that my handwriting
is not too hard to read, for last
time my zip code was misread
as [redacted] instead of the correct [redacted]

b6

Thank you again for the booklet.

Sincerely yours,

Re Seattle teletype to Butte dated 12/20/71.

Enclosed for Seattle are 15 copies of an investigative insert containing the names of individuals who were the subjects of investigation and whose whereabouts were established by the Los Angeles Division and/or results of investigation and interviews revealed the person whose name was furnished to the Los Angeles Division as a possible suspect, did not appear to warrant further consideration as a logical suspect at that time.

Details of investigation will be retained in the Los Angeles case file for captioned matter.

Referenced Seattle teletype requested contact with logical informants, banks, news media and review of bank robbery suspects to insure maximum coverage and development of logical suspects.

A memorandum setting forth details of the hijacking has been disseminated to all Agents in the Los Angeles Division requesting all logical informants be contacted and Special Agents concerned with bank robbery suspects have been requested to remain alert for individuals who could be considered logical suspects in this matter.

*Sul: E.

SUBJECT: NORJAK

On January 11, 1972, [redacted] Department of Natural Resources, Olympia, Washington, made available about 40 aerial photographs covering that area outlined on the LaCenter quadrangle. These photographs were taken in 1968 and are in scale of 1" equals 1,000'. These prints cost \$1.50 each and a bill of about \$60.00 will be submitted to the SAC, Seattle.

b6
b7C

[redacted] also provided, at no charge several maps of the same scale concerning this area; an index to the photographs so the relationship between the maps and the photographs can be determined. He suggested if any stereo map reading is desired, contact should be made with the [redacted] Battleground, Washington, since he has the complete set of maps for the area and has personnel who can read the aerial photos.

b6
b7C

The maps and other material were furnished to SA [redacted] for transport to Longview RA on this date. A copy of this memo also was sent with SA [redacted]

Office of F.B.I.

3rd Feb. 1972.

About 6 P.M. on 1st Feb. 72. at [redacted] Utah. the following remarks were overheard. without the persons knowing it: - "Quarta" trying to catch [redacted] note also talking out piece mentioning Washington and they going to Nogales but stopping in Phoenix, first in Kanab, Utah. they had lots of \$\$. As for the Skyjacking, of the \$200,000, this might be a lead. as I don't know if they were caught.

The descriptions are about: Male, 5' 11" Sandy hair, blue eyes plus slender built, about 27 years of age, 145 lbs wearing Levi's, plus sheep skin, vest and coat, dressed real clean, playing pool, few Beers and real J.P. like attitude, as for the other, Male, 6' 1" cowboy boots brown, fancy dress pants, pink with brown or black stripes, slender built, hair, real [redacted] attitude, both young, good clean [redacted] males, age about 22 yrs. old, dark brown hair, one.

There may not be nothing to it but I am ^{opinion} sure he is the one, the Blind Sandy hair one who allegedly skyjacked the plane.

I was going to the rest room in the Pool Hall, there is a section to block the view of the rest room. I'm short so I could not be seen, I heard enough to write this and I tried to get Sheriff Keith Fackrell, Area Code 802, no. 676-2678 or City telephone 676-8807, no word so I called F.B.I. Salt Lake City, Utah but couldn't tell too much on the telephone. I saw no car as they came in while it was blowing a snow storm, they wore no hats or gloves.

We saw them play pool and I hope this might help your office, please do not contact me at my home but you may call me at the Sheriff's Office. Sincerely - [redacted]

SOME PROFESSIONALS JUST HAVE TO BE READY FOR TOUGH BREAKS.

Flying professionally without adequate disability coverage makes about as much sense as playing ball in nothing but your stocking feet and Jockey shorts.

That wouldn't be true, of course, if you earned your living as a doctor or a lawyer or an Indian chief. But since you don't—since your financial well-being will always depend on your physical well-being—once again we'd like to make a suggestion: Check into The Watt Plan.

The Watt Plan pays you from \$25,000 to \$75,000 after the specified waiting period, if you're permanently prevented from flying for your airline for medical reasons. And you receive that payment in one, big, tax-free lump-sum.

Which simply means that if you busted your ankle playing Frisbee with your kids, it wouldn't be such a tough break.

If you'd like to find out more, just drop a postcard to: Harvey W. Watt, Atlanta Airport, P.O. Box 20787, Atlanta, Georgia 30320.

SUBJECT: NORJAK

On 2/4/72, SPC [REDACTED] advised writer that he had heard from [REDACTED] (LNU) that a bill taken in this matter had been located at the Seattle-First National Bank, Vancouver, Wash., branch. [REDACTED] had heard this from [REDACTED]

SA CHARLES FARRELL did not know anything about the matter and talked directly with [REDACTED] himself. [REDACTED] stated that he had just talked to the lady and she stated she had just heard the tail end of a conversation dealing with what appeared to be a \$20 bill in "evidence" wrapping and assumed this was part of the NORJAK money. [REDACTED] gave this woman's name as [REDACTED] [REDACTED] Vancouver, Wash., phone [REDACTED]

After being advised of the situation by SA FARRELL, SA THOMAS MANNING called [REDACTED] at the number given. She advised that the bill described above had been brought in by a Secret Service Agent. The bill was counterfeit and the agent was apparently doing routine background investigation. He asked many of the tellers questions pertaining to who might have passed the bill. This took place on Thursday, 2/3/72. That afternoon

[REDACTED] went to lunch with [REDACTED] and in the course of the conversation, [REDACTED] told her about this bill. At this point, one of the two mentioned something about the possibility of it being one of the bills taken in the hijacking. When [REDACTED] in Vancouver, she told [REDACTED] (LNU) who is [REDACTED] about the bill and it seems this is where the counterfeit bill turned into one of the hijacked bills.

ASAC's Portland and Seattle are cognizant of this matter.

UNITED STATES DEPARTMENT OF JUSTICE
FEDERAL BUREAU OF INVESTIGATION
Washington, D.C.

TO ALL LAW ENFORCEMENT AGENCIES:

On the afternoon of November 24, 1971, a Northwest Airlines Boeing 727, bound from Portland, Oregon, to Seattle, Washington, was hijacked on take-off at Portland.

The hijacker who boarded at Portland, and who threatened to detonate a bomb allegedly carried in his briefcase, was given \$200,000 in used twenty-dollar bills and four parachutes, when the plane landed at Seattle. All passengers and part of the crew were then permitted to leave the plane.

The aircraft took off from Seattle, and the hijacker is believed to have left the aircraft, using the parachutes, over the southwestern part of Washington State.

The hijacker has not been identified and no trace has been found of him, the parachutes, or the money.

A composite description of the hijacker and two photographs of an artist's conception, are set out:

ARTIST'S CONCEPTION

Race:	White
Sex:	Male
Age:	Mid 40s
Height:	5'10" to 6'
Weight:	170 to 180 pounds
Build:	Average to well built
- Complexion:	Olive, Latin appearance, medium smooth
Hair:	Dark brown or black, normal style, parted on left, combed back. Possibly greasy. Sideburns, low ear level
Eyes:	Possibly brown. During latter part of flight put on dark, wrap-around sunglasses with dark rims.
Voice:	Low, spoke intelligently; no particular accent, possibly from Midwest section of the U.S.
Characteristic:	Heavy smoker of Raleigh filter tip cigarettes

Wearing Apparel: Black or brown suit; white shirt;
narrow black tie; black dress
suit; black rain-type overcoat or
dark top coat; dark briefcase or
attache case; carried paper bag
4"x12"x14"; brown shoes

Remarks: Very polite at all times.

Considering the possibility that the hijacker might not have survived his departure from the plane, you are requested to review your missing persons files for reports of a white, male answering the description of the hijacker, where the circumstances of his disappearance would suggest him as possibly identical with the hijacker.

In view of the fact that the hijacker threatened to detonate the bomb he allegedly carried, any suspect should be considered armed and dangerous.

Any agency having information which might assist in identifying the hijacker, should contact the nearest office of the FBI, collect.

~~X SNAP ON TIE~~

Enclosed herewith for the Laboratory is the man's narrow black necktie with attached tie clip which was found by Las Vegas Agents in hijacked aircraft in this matter and which was believed worn by Unsub.

Enclosures have been displayed to J.C. Pemney Co., store personnel at Las Vegas, Nevada, and Portland, Oregon. All personnel contacted uniformly agree that the tie, which bore the "Towncraft" label, exclusive with Pemney's, could not have been sold at any time in the recent past. At Las Vegas, the most recent sales of such ties were estimated at one and one-half years ago, and at Portland, three years ago. None of the persons contacted were able to offer any suggestions as to how the purchaser of the tie might possibly be traced.

REQUEST OF THE BUREAU

FBI LABORATORY

Enclosure should be examined to determine whether it bears any traces of identifiable body secretions, hairs, stains, etc., which may be of help in this investigation. Upon conclusion of the examination, enclosure should be forwarded to Seattle by registered mail.
